Message from the Assistant Principal

Rebecca Gagnon

Hello Families and Friends,

We were very pleased that the weather was kind enough to allow us a full day of school today; exam week is officially over!

We did need to make the decision to cancel Middle School Night this evening. The games were cancelled but there is still a dance from 7:00 – 9:30 tonight. Admission is \$5.00 and the proceeds from the dance will go towards the purchase of a well for a village in Sudan.

On Monday the 31st there will be no school for our high school students. Middle school has a regular school day. Tuesday will be the first day of the new quarter and it will be a Day 2. It will also be a Z Block day.

Report cards will be going home with students on February 10th.

We are very proud of Joseph Spaulding. He won our middle school Geography Bee this week. Next week we will determine the winner of our middle school Spelling Bee.

We hope you all have a safe and relaxing weekend!

RG

Friday – Day 1

Cheer 3:00-5:30 pm Audi

The “20 – 20” Line: Are you or someone you care about having a problem? Are you unable or uncomfortable to come into school to communicate it? The middle school guidance office has a private phone line where individuals can leave a confidential message about a non-academic student issue. The guidance counselor will listen to the message and determine the appropriate avenue of help. This is a great way to seek support for yourself or someone you care about. It's simple. Just call the “20-20” line (746-2020) and leave a message.

We've Got The Beat Committee:

This Fall, members of the Hopkinton Fire Department watched a demonstration of a revolutionary device that is reviving cardiac patients who might never have survived before. Concord Hospital Medical Group cardiologist, Dr. Kenneth Deloge brought the LUCAS2 Chest Compression Device to the fire station and showed them how effective this device is in providing continuous chest compressions to a person whose heart has stopped beating.

Hopkinton Fire Chief Rick Schaefer has expressed the desire to secure two LUCAS2 devices for the two vehicles that transport patients in our communities. The cost of each device is \$13,000. Concord Hospital Trust has developed a fund to help emergency medical services in the communities they serve acquire the LUCAS2. If our community can raise \$13,000, Concord Hospital Trust will match that amount. Hopkinton ambulances primarily serve Hopkinton, Contoocook and Warner.

Hopkinton Rotary Club, Woman's Club, and Lion's Club have formed the "We've Got the Beat" volunteer committee. We are working together to help raise \$13,000 towards the purchase of the LUCAS2 Chest Compression Device. We hope we can count on your support to help our community as we seek to save more lives by raising \$13,000. We'd like to receive your much-appreciated tax-deductible donation by February 29, 2012. Visit <http://tinyurl.com/3sdpzqs> to see the LUCAS2 Chest Compression System in action...it truly is a remarkable, life-saving device.

Make all checks payable to: TOWN OF HOPKINTON, LUCAS2 FUNDRAISER. Please mail donations to:
